

NOVEMBER 2020 NEWSLETTER

**PRODUCT NEWS****Oxford Journal Big Deal**

For 2021, OUP has added 14 new titles, including journals from prestigious societies such as the Royal Society of Chemistry, the Genetics Society of America, and the Royal Pharmaceutical Society.

PRODUCT NEWS**EBSCO**

Has a NC-only CC deal for a package of 14 databases at a steeply discounted price. This package will no longer be offered to new subscribers, but existing subscriptions will be honored.

NEWS**Kanopy**

Kanopy has decided to cease offering bulk-buy deals to the Carolina Consortium and other consortia.

FEATURED - IGI Global eBooks

Six CC libraries are participating in a cooperative ebook purchase deal, through which we currently share ownership of 24 titles. If other CC libraries make IGI purchases, then their titles can be added to, and their students and faculty can gain access to, the shared title pool. Even if you only purchase a single, inexpensive title.

Offer is good until the end of 2020. For details, see the CC Box account, or contact Sam Harlow (slharlow@uncg.edu).

The IGI Global book collection contains more than 5,900 book titles across 350+ different topic areas in 11 subjects including business and management, computer science and information technology, education, science and engineering, social sciences, and more.

IGI Global publishes more than 800 reference books annually. Each title contains authoritative research from renowned experts in their respective fields and undergoes an extensive double-blind peer review.

Your CC IGI purchase may entitle you to a free APC voucher that your faculty can use to make any IGI-accepted article or book chapter open access.

Faculty from dozens of CC institutions have published with IGI Global.

For a list of the titles for which we share ownership, see the CC Box account.

This CC deal has a highly unusual combination of individual title selection, shared book ownership, and an open access publishing component.

CC Library Spotlight

Barton College - Hackney Library

Website

Located in Wilson, NC, Barton is a Christian, liberal arts institution with over 1000 students and an 11:1 student:faculty ratio. Barton subscribes to sixteen e-resources through the CC.

Events

Have a great Thanksgiving!

All 17 UNC System institutions are active members of the Carolina Consortium. UNC libraries collectively have 343 CC subscriptions and a cost avoidance of \$128 million.

Upcoming Renewals and Expirations

All journal big deals, including Cambridge, Elsevier, Mary Ann Liebert, Oxford, SAGE, Springer, and Wiley.

EBSCO renewals for subscriptions ending December 31 include:

Premier, Complete, and Ultimate packages; America History and Life; APA PsycINFO; Art & Architecture Source; Associates Programs Source; Child Development & Adolescent Studies; CINAHL Complete; CMMC; Communication Source; Entrepreneurial Studies Source; Environment Complete; ERIC; HAPI; Health Source; Historical Abstracts; Humanities International; Humanities Complete; and Library and Information Science Source. Renewal decisions due to Tim by Thanksgiving.

The APA has not yet provided EBSCO with the 2021 price increase for the renewal due January 1, but we expect to see that soon. We have 2 different CC PsycINFO deals - a stand-alone PsycINFO subscription or, for a slightly higher cost, a "Pick 4" deal that gives you PsycINFO plus your choice of 4 databases from among:

Abstracts in Social Gerontology
Child Development and Adolescent Studies
Educational Administration Abstracts
Family Studies Abstracts
Family and Society Studies Worldwide
Gender Studies Database
Human Resources Abstracts
Peace Research Abstracts
Public Administration Abstracts
Race Relations Abstracts
Shock & Vibration Digest
Urban Studies Abstracts
Violence and Abuse Abstracts
Wildlife and Ecology Studies Worldwide
Women's Studies International

NEWS AND UPDATES

PrepSTEP is moving to NC LIVE, effective 1/1/21, so NC libraries will not need to renew their institutional subscriptions.

SimplyAnalytics and CQ Magazine are both leaving NC LIVE at the end of the year. For schools wishing to maintain their access, we have CC offers for both products.

In 2019, The UC System ended their big deal with Elsevier and decided not to subscribe to any individual Elsevier journals at all. UC recently announced that they would restart their negotiations, probably because circumstances make this an especially favorable time to negotiate, and because they want to reinstate real-time access to Elsevier's numerous prestigious, high impact journals.
