1. Goal: Develop a strategic plan for space usage and design in order to right size the print collection and maximize space for services, learning and unique materials.

2. Goal: Examine service desk models and student employment options in order to increase efficiency, enhance service and offer opportunities for students.

3. Goal: Collaborate within all Libraries’ instruction units and across campus in order to increase intentionality for information and digital literacies in the UNCG curriculum.

4. Goal: Develop strategies and procedures in order to encourage more focused external funding activity across the University Libraries.

5. Goal: Make UNCG an Open Educational Resources (OER) leader within the state in order to reduce the cost of a college education for our students.
